The GPIB(General Purpose Interface Bus) is the way to control the instrument This article shows how to control the Agilent E3631A (Triple Output DC Power Supply).. I just switched my machines from 32 bit Python to 64 bit python which required that I use pyVisa later than v1.. Have you installed the visa libraries (not pyvisa, it's a wrapper) – P3trus Mar 22 '13 at 15:39 The library suite for the Agilent was installed. [R Programming Download Mac](#)
